

Dr. Unlu will be hiring an undergraduate student researcher for Fall 2017-Spring 2018. BUILD Dairy will provide the financial support for this undergraduate research. The student is expected to participate in fulfilling the requirements of the BUILD Dairy leadership program including the following: 1. Be active as a leader in food science student activities; 2. Participate in a dairy foods product development competition, 3. Carry out an internship with the dairy industry; 4. Give presentations and fully participate in the monthly BUILD Dairy meetings; 5. Submit a semi-annual, an annual program update and annual written report; and 6. Present research findings at the BUILD Dairy annual meetings. Please contact Dr. Unlu (gulhan@uidaho.edu) if you are interested in this research opportunity.
